

Interested in participating in international standards development work?

Standards New Zealand facilitates New Zealand stakeholder participation in international standards development committees through our membership with the International Organization for Standardization (ISO) and membership of the International Electrotechnical Commission (IEC), through the IEC National Committee of New Zealand.

Should you be interested in getting actively involved, or have any particular questions, contact us at: ISOAdmin@standards.govt.nz

We are currently recruiting subject matter experts for the following ISO and IEC technical committees and subcommittees:

ISO related

ISO/TC 6	Paper, board and pulps
IS/TC 6 SC 2	Test methods and quality specifications for paper and board
ISO/TC 121	Anaesthetic and respiratory equipment
ISO/TC 121 SC 1	Breathing attachments and anaesthetic machines
ISO/TC 89	Wood-based panels
ISO/TC 89 SC 3	Plywood
ISO/TC 165	Timber structures
ISO/TC 218	Timber
ISO/TC 173 SC 1	Wheelchairs

For information relating to each ISO TC/SC follow this link: <https://www.iso.org/technical-committees.html>

IEC related

IEC TC 31	Equipment for explosive atmospheres
IEC SC 31J	Classification of hazardous areas and installation requirements
IEC TC 59	Performance of household and similar electrical appliances
IEC SC 59A	Electric dishwashers
IEC SC 59D	Performance of household and similar electrical laundry appliances
IEC SC 59K	Performance of household and similar electrical cooking appliances
IEC SC 59M	Performance of electrical household and similar cooling and freezing appliances
IEC TC 79	Alarm and electronic security systems
IEC SyC AAL	Active Assisted Living

For information relating to each IEC TC/SC follow this link: <https://www.iec.ch/technical-committees-and-subcommittees#tclist>
